

Addendum #1
12/18/23

- 1) Please use the attached updated section H on Certification of RFQ Information. A typo was corrected.
- 2) This is a clarification on Section D on the number of pages for the submittals. This should be limited to 30 physical pages (60 sides including back and front). The separate fee proposal is not included in this 30 physical pages and should be submitted on 1 separate page.
- 3) See attached 2 pages of sign in sheets from the mandatory Pre-RFQ mtg held on 12/14/23.
- 4) This is related to Section E.7 of the RFQ. The original section in the RFQ should be replaced in it's entirety with the update below:

“7. Design Services Range of Fees – Please submit your firm’s Design Services Range of Fees. This range of fee should reflect the range that this project should be in and can also incorporate a history of fees your company has charged on projects of similar scope or complexity. This should be included in the main 30 page submittal. - **Max. Value of 15 points.**”

In a separate 1 page email and package, please submit a fee that can be used in direct negotiations if your Design Firm has the highest selection criteria score. This specific submitted fee will not be used in determining the winner of this RFQ. This fee should cover all scope as described on Attachment 1. The Design firm should also include any proposed reimbursables, the rate of mark up, proposed hourly rates for additional work and any other additional costs outside of the Design Services Fee. **Submit this in a separate 1 page submittal and separate email from rest of the submitted Qualifications.**”
